

# Giving Hearts 2020

Dear Friends,

North Valley Health Center's seventh annual Giving Hearts program is a time to pay tribute to loved ones, thank special people, and honor special occasions. Purchasing a Giving Heart allows you to celebrate family and friends and give to North Valley Health Center.

- You can purchase a heart for \$100.00. The honored name will be at the base of the heart. The individual hearts will be placed in the hallway of North Valley Health Center.
- You may dedicate a name (suggested amount is \$10.00 per name) for the large heart display.

Giving Hearts will be on display during the month of February with an open house on Thursday, February 27th from 10-12 p.m. Treats and refreshments will be served during the Open House.

If you have any questions about Giving Hearts, please contact NVHC Community Relations at 218-745-3214.

Wishing you good health,  
North Valley Health Center
